## BUGS Opening Ceremony

### **Materials:**

Large cards to spell out B-U-G-S with the words to be read on the back. As Cub Scouts read each line, they hold the cards up high.

**Cub Scout #1:** B stands for best. Cub Scout promise to do their best.

**Cub Scout #2:** U stands for understands. Cub Scouts understand their duty to God and their country.

**Cub Scout #3:** G stands for good. Cub Scouts are good and help other people at all times.

**Cub Scout #4:** S stands for spirit – the Cub Scout spirit.

**Cubmaster:** The letters on the cards spell BUGS. We share our world with bugs and many other creatures. Let us learn to live in harmony with every living thing around us.

Please join us for the Pledge of Allegiance and the Scout Oath.

**B**

**Cub Scout #1: B stands for best. Cub Scouts promise to do their best.**

**U**

**Cub Scout #2:** U stands for understands. Cub Scouts understand their duty to God and their country.

**G**

**Cub Scout #3:** G stands for good. Cub Scouts are good and help other people at all times.

**S**

**Cub Scout #4: S stands for spirit – the Cub Scout spirit.**

# Bright Bugs

## Materials needed:

Mini flashlight (2 1/8" size flashlight) - 1 per Cub Scout

1 chenille stem (any color) - 1 per Cub Scout

Adhesive dots (6 dots per bug light. If you have eyes with adhesive, you will only need 4 dots)

2 wiggly eyes per Cub Scout (8 or 10mm in size – with or without adhesive)

Cardstock wings (for wings) - 1 set of wings per Cub Scout

Markers (permanent markers work best)

## Instructions:

1. Using markers (permanent markers work best), color the body (the flashlight) of your soon to be bug.
2. Next, take your chenille stem and wrap it around your flashlight just behind the widest point of your flashlight, forming the bug legs. Bend the chenille stick at the ends to form the feet. Once you have the chenille stem in place, carefully put two adhesive dots between the chenille stem and the flashlight to help hold the chenille stem in place and on the flashlight.
3. Cut out the wings for your bug. Color the wings any way you would like.
4. Attach the wings to the flashlight using adhesive dots.
5. Add the wiggly eyes to your bug by using adhesive dots if the eyes do not have adhesive on them already.

## Variation:

Make a firefly... by putting the chenille stem legs, wings and eyes facing the other end of the flashlight.

# Super Buzzer!

## Materials:

- 2 pencil eraser toppers per Cub Scout
- 1 Craft stick per Cub Scout
- 3X5 card per Cub Scout
- Scissors
- Ruler
- Pencils, markers or crayons for decorating
- Stapler with staples
- 1 yard of string per Cub Scout
- Large flat rubber band (size 64) - 1 per Cub Scout

## Directions:

1. Cut the 3x5 card down to a 3x3 size and then decorate your buzzer by drawing any design that you would like.
2. Take your craft stick and erasers and put an eraser on each end of the craft stick.

3. Center an edge of the card on the craft stick between the two erasers.

4. Staple the centered edge of the card to the craft stick.

5. Near one of the erasers, tie the string to the craft stick between the card and eraser.

6. Now for the real buzzing sound! Stretch the large rubber band around the eraser ends on the craft stick.

7. Check your space so that you don't hit anyone... and swing the buzzer in a circle above your head or in front of you. You should hear a buzzing sound.

**Safety:** Make sure that Cub Scouts have plenty of space to swing the buzzer around so that everyone will be safe from flying buzzers.

**Troubleshooting:** If you don't hear a buzzing sound, try bending the free corners of your card a little bit. That may produce more sound. You could also try turning your knot of yarn a bit.
